Services Held at Ruined Edifices

On the steps of the shattered churches and on the green slopes of parks and cemeteries the people of San Francisco assembled at the usual hours for religious services. Grateful for the opportunity to express thanks for their deliverance and anxious for the words of cheer and comfort that will carry them through future trials, the people assembled in even larger numbers than is customary. There was no distinction as to sect or denomination, the gatherings including, as a rule, a large percentage of the families camping or residing in the vicinity. Catholic clergymen celebrated masses in the Jewish cemetery and heretics of every creed knelt with bowed heads while the services were in progress.

ARCHBISHOP AT ST. MARY'S.

On the steps of St. Mary's Cathedral and on the upheaved pavement of Van Ness avenue overlooking the blackened waste that began just across the street Archibishop Montgomery celebrated mass at 8 o'clock. The service was attended by thousands, covering the church steps and extending along and down the street in either direction. The archbishop's words of comfort and his reference to the death of Fire Chief Sullivan affected the entire great assemblage, and tears streamed down hundreds of the faces upturned to the tiny altar in the open doorway of the vestibule, while the broken sobs swept in a wave of sound from end to end of the congregation. Archibishop Montgomery said in part:

"San Francisco shall have a day of resurrection. Not a city in the United States destroyed by fire has failed to grow up a better city upon the ruins of the old, and so will San Francisco. Its position is such and the position of California at large is such that it has to be so."

"We must arouse in ourselves that true American spirit that looks not at the city in its devastation, but rather to its day of resurrection."

"We must look rather to the side that presents the brighter view. We must be grateful that, considering the earthquake and the succeeding conflagration, there has been but little loss of life. We should be grateful likewise that much of the city and many of the homes still remain."

"Again, we all understand that hardships and suffering stare us in the face, but what is demanded is patience and courage. The first few days will be the hardest to bear, but as the machinery of organization is perfected all will grow better."

"I call your attention to what may be seen in our immediate locality as an example of what is taking place everywhere. The basement of the cathedral is a supply depot where a large district is receiving the necessities of life. Sacred Heart Convent has been turned into a hospital, with the sisters in charge and a medical staff appointed. The technical school has been turned into a shelter for the homeless, with the Sisters of Charity in charge. The whole sisterhood of the city and of the diocese are at work or ready to be the moment they are called upon for assistance. Other denominations and other organizations are doing the same, so that in a little time, with generous contributions, it is evident that there cannot be many days of want. There has never been an appeal made to San Francisco from any part of the world that has not been met magnificently, and as we cast our bread upon the waters it is now returning to us. Few greater calamities have ever befallen a city, but mindful always of the higher life and the victories of faith are the only true victories, still we must arouse in ourselves that true American spirit that looks not at the city in its devastation, but rather to its day of its reconstruction."

Five masses in all were celebrated at St. Mary's Cathedral.

MASSES AT ST. VINCENT'S.

The congregation of St. Vincent's Church, Steiner and Green streets, heard masses at 8 and 9 o'clock. An altar was raised in the doorway of the parochial residence, adjoining the church, and there Father Martin Ryan, assisted by a Jesuit father, read the

Methodist ministers of San Francisco at the National Deaconess' Training School, 129 Height street, at 11 o'clock on Monday morning. As nearly half of the Methodist churches, including the largest, have been ruined, plans for carrying on the work of Methodism must be made, and to make them this meeting is called. The call is issued by President George A. Rough of the Methodist Ministers' Association of San Francisco.

Sacred Heart Convent has established a branch emergency hospital on Franklin street, near O'Farrell. Dr. C. F. Pawlik, formerly of the Emergency Hospital service, is in charge, and Dr. Wilton Leunon is his assistant.

Hundreds of parishioners are being fed and cared for in the basement of the St. Mary's Cathedral, Van Ness avenue, and O'Farrell street, under the supervision of the Rev. Father Harrigan.

KNIGHTS OF COLUMBUS MEET.

The members of the Knights of Columbus held a general meeting yesterday in the basement of St. Mary's Cathedral. Neal Power, the Grand Knight, presided, and Archbishop Montgomery was one of the principal speakers. Arrangements were made for relief work to begin at once, and committees appointed to go all over the city for this purpose. The knights attended mass in a body.

A general meeting of the Knights of Columbus will be held this afternoon at the Cathedral. The work of relief, communication and the like will commence then. Every member in this city is urgently requested to be present for the benefit of himself and the thousands of sufferers. The knights will make arrangements to secure a full supply of food as well as hundreds of tents and quantities of bedding. Vallejo Council telegraphed yesterday that it would be ready to send aid by this morning.

"I came here not to preach. In fact I could not deliver a sermon at this time and you are not in a mood to listen to me. A great disaster has overtaken the beautiful city of San Francisco. Such a terrible disaster has never before happened to any city since the world began. San Francisco, though terribly shaken at her foundation, will rise again. God is still on the throne—therefore we need not fear. Be courageous, be helpful to one another and all will end well. Our misfortunes are mutual. The rich and poor share the same fate. This is the first time in my life that I had to beg my bread from the public crib."

The preacher's voice faltered. He was overcome with deep emotion and stood speechless as the tears trickled down his cheeks. There were many wet eyes in the congregation. The pastor then concluded his sermon by extending a hearty invitation to the homeless, homeless persons to seek shelter under the hospitable roof of the edifice.

IMPRESSIVE SERVICES AT PRESIDIO.

In the Presidio there were simple, but impressive services in the post chapel, both Protestant and Catholic. The Y. M. C. A. also held services conducted by Secretary Rev. S. P. Wood. All of these services were attended by large congregations, but there was very little preaching, the thought of the priests and pastors being that there was little that could be said, except brief words of cheer.

At the Presidio post chapel mass was celebrated at 8 o'clock and again at 10. Father P. J. Hart of the Artillery Corps officiated at the early service as post chaplain and Father John E. Cottle of St. Bridget's Church celebrated the later mass. There were no services. After the services Father Hart requested that "The Examiner" announce to the people generally that throughout the Presidio hospitals and camps there was ample attendance of priests and chaplains, who are constantly going among the people, affording comfort and solace.

At St. Sebastian Chapel, the venerable Father Prelate, S. J., celebrated mass at 8 and 11 o'clock, and held devotional services at 8:30. Father Prelate has occupied the little chapel for eighteen years, and his seventy-seven years and devotion to his work have won him the love of many of the soldiers.

There were many boys in blue at the services, together with as many of those in the camps as the chapel could hold. The priest, speaking but for a moment, counseled the congregation to put themselves into the hands of God and to abstain from sin in their hour of extremity.

At the Protestant Chapel, Presidio, the Rev. George A. Hough of the California Street Methodist Episcopal Church, assisted by the Rev. W. C. Poole of the Methodist Book concern, Market street, held informal services at 11 o'clock, and again in the afternoon. These services were held in the open air, the pastors standing upon the chapel porch. There was no preaching at either hour. There were responsive readings, songs and prayer, the idea of the ministers being to admit no word that could savor of sectarianism. The services were attended by hundreds.

There will be a meeting of the

CHINESE TO BE ISOLATED.

The military authorities, it is generally understood, have decided to deport all homeless Chinamen to a general rendezvous on Angel Island, there to remain until ways and means can be found by which they can find occupation and be housed.

Many of the Chinese campers surrounding the Chinese camp at the Presidio and North Beach have requested their removal to some distant

point.

Art Newman, the owner, with Mrs.

Henry H. Rutherford, sanitary officer in charge, approves the following plans furnished by Dr. Thomas G. McConkey, one of the sanitary inspectors for constructing latrines. A trench, three or four feet deep and length proportional to the number of people to be accommodated, should be dug, throwing the dirt on one side.

When this trench is partly filled with

garbage, etc., and with earth

along as it is being used—for

dry earth is a disinfectant and deodorizer—it is then completely filled by digging another trench parallel with the first. This may be repeated.

The present plan of digging holes

here, there and everywhere, as is being done now, is utterly bad. Camps

or "communities" in houses without

water should units and select a suitable location and use this in common.

Two such latrines, one for each six, should be constructed at once. Don't wait for an inspector, but go to work at once, as the need for more systematic disposal of sewage is urgent and immediate. It is utterly impossible for inspectors to visit the many districts, but with these directions and diagram there is no excuse if this is not noted upon immediately.

THOUSANDS SUFFER IN DRENCHING RAIN!

SAN FRANCISCO, APRIL 23.—A DRENCHING RAIN FELL UPON SAN FRANCISCO LAST NIGHT. FROM MIDNIGHT UNTIL 5 O'CLOCK IT POURED AND DRIZZLED AT INTERVALS, WHILE A HIGH WIND ADDED A MELANCHOLY ACCOMPANIMENT, WHISTLING AND SIGHING ABOUT THE RUINS OF THE BUILDINGS IN THE BURNED DISTRICT. FIVE DAYS AGO WHEN THE FIRE CATASTROPHE WAS IN ITS INFANCY THIS DOWPOUR WOULD HAVE BEEN REGARDED AS A MERCY AND A GODSEND. THIS MORNING IT COULD BE REGARDED IN NO OTHER LIGHT THAN AS AN ADDITIONAL CALAMITY. FOR IT MEANT INDESCRIBABLE SUFFERING TO THE TEENS OF THOUSANDS OF HOMELESS PEOPLE CAMPED UPON THE NAKED HILLS AND IN THE PARKS AND OPEN PLACES OF THE CITY. FEW OF THESE WERE PROVIDED WITH A WATER-PROOF COVERING. FOR THE MOST PART THEIR ONLY PROTECTION FROM THE WET WAS A THIN COVERING OF SHEETING TACKED UPON IMPROVISED TENT POLES. THROUGH THIS THE WATER POURED AS THROUGH A SIEVE WETTING THE BEDDING AND SOAKING THE GROUND UPON WHICH THEY LAY. WHEN IT IS UNDERSTOOD THAT THOUSANDS UPON THOUSANDS OF DELICATELY-NURTURED WOMEN AND INFANTS IN ARMS AND OLD AND FEEBLE PEOPLE WERE IN THIS PLIGHT, NOTHING NEED BE ADDED TO DESCRIBE THE MISERY OF THEIR CONDITION. THE DOWPOUR HAS AGGRAVATED THE ALREADY UNSANITARY CONDITION OF THE CAMPS, AND WILL DOUBTLESS ADD GREAT NUMBERS OF PNEUMONIA CASES TO THOSE ALREADY CROWDING THE REGULAR AND TEMPO-RARY HOSPITALS OF THE CITY.

By C. E. WILSON of THE TRIBUNE Staff.

SAN FRANCISCO, April 23.—After being visited with a disastrous earthquake of the corkscrew variety and receiving a baptism of fire such as no community ever received before, the city and its homeless thousands was visited last night with its baptism of water. The great heat which ascended during the fire apparently came back in the form of rain. It was accompanied by a bitterly cold wind and brought with it almost an untold amount of suffering among those camped at Fort Mason, the Presidio, along North Beach and at Golden Gate Park.

For four days and nights sleep scarcely closed the eyes of the thousands who were first panic stricken by earthquake and then terrorized by uncontrollable fire last night. Many who were first panic stricken by earthquake and then terrorized by uncontrollable fire last night would have

been one of peace, as during the last twenty-four hours the city had been

free from fire. In the early hours of

the morning the third disaster in the

way of merciless rain descended on

the defenseless heads of the stricken

people. Those who had not already

been awakened by the cold which was

biting, were awakened by the huge

rain drops as they fell.

NO FIRE WOOD.

Those who were provided with tents did not suffer so much from the rain as the cold. There was no fire wood at hand and the great mass of suffering humanity had to submit to the drenching of the rain. Mothers wrapped their young ones up as snugly as possible in blankets and protected them from the sheets of snow-cold rain.

The men in turn sought to shelter

the women. During the long weary

hours when sleep was impossible,

"Things go bad for a while," said

one man with ironical philosophy, "and then they get worse."

There was one element absent from

the last visitation. The earthquake

and fire carried a homeless horror with

it which drove hundreds insane. The

rain brought no terror to the souls

of the homeless but simply brought

discomfort and added to their mis-

eries. The courage and fortitude re-

mains unbroken, however, and the last

misfortune has not dampened the

hearts of the vast throng, which be-

came cooler and trustful immediately

after the fire was under control.

As medical supplies are at a pre-

mium at the present time the rain

and the consequent sickness will make

the scarcity disastrous.

Pneumonia and colds are apt to be

prevalent and without an additional

medical supply many deaths are apt

to occur.

Tents, however, have begun to ar-

rive and in a few days the majority

of the campers will be housed up.

ONE BLESSING.

There was one blessing which was

brought by the rain and that was the

atmosphere was cleared of its choking

dust and the smoldering ruins were

wet down and are less apt to start any

fires in the unburned district.

A force of dynamiters under the direction of the military has begun the work of demolishing the standing walls of the sky-scrappers. The detonation this morning startled the inhabitants into a belief that the fire had started anew. Some of the more timid imagined that the earthquake had returned. The fears of the people were soon quieted on learning that the buildings dangerous to traffic were being blown up.

WORK OF RAZING.

The work of razing the standing walls was commenced at Twelfth and Market streets. Here two buildings were blown up. At the corner of Ninth and Market streets, a high structure was blown down. The con-

fusion was so strong that the wall adjoining was blown over. The next

building to be demolished was the Murphy building at the junction of Market and McAllister. This build-

ing was occupied by Frager's dry good store.

The Examiner walls will be blown up this afternoon. By night fall all of the most dangerous buildings will have been demolished on Market street.

SAN FRANCISCO LOSS IS THE GREATEST IN HISTORY

Exceeds the Loss of Chicago, Boston and Baltimore
Combined---Insurance Loss Will Approximate
\$150,000,000; Total Loss Over Three
Hundred Million.

The Underwriters have approximately tabulated the amount of fire insurance in force in San Francisco and find that it aggregates about \$223,000,000. They have not yet ascertained just what proportion covers the burned district, but estimate that

\$175,000,000 or \$180,000,000 is located within the area of loss allowing for the few spots within the fire circle that escaped destruction.

A prominent underwriter stated as his private opinion that ninety per cent of the face of the policies would be paid after mak-

ing some small allowance for earthquake loss.

"It is my belief," he said, "that the insurance companies will pay out something like \$150,000,000 for fire loss in San Francisco, which will be about fifty per cent of the total loss, which will probably reach \$300,000,000."

This will be the largest ascertained financial loss by any fire in the history of the world, not exceeding the great fire of London in the seventeenth century, of which we have very imperfect data.

"The San Francisco fire caused a greater monetary loss than the fires of Chicago, Boston and Baltimore combined," he continued.

Chicago's loss is estimated at \$150,000,000, Boston's at \$80,000,000, and Baltimore's at \$50,000,000, aggregating a total of \$280,000,000. San Francisco will beat that by from twenty to fifty millions.

"She will also get more insurance than Chicago, Boston and

Baltimore combined, from the insurance, with comparatively little friction and no great amount of litigation." The underwriters were in closed session all the morning following the fire, at least nothing like those which followed the Reed's Hall, deliberating on the burning of Chicago. In this instance and discussing plans the general adjustment of and bases of adjustment of losses will be speedy and will be looking to as speedy payment as possible.

GENERALITY OF MRS. GEORGE C. PERKINS.

LOS ANGELES, April 23.—Mrs. George C. Perkins, Miss Marie Perkins, Miss Katie Fink and Miss Clara Callaghan are at the Angelus Hotel from Oakland. Mrs. Perkins is the wife of United States Senator George C. Perkins of California, and was in a very excited condition from her earthquake experiences. "We in Oakland suffered very little as compared with those in San Francisco," she said, "and we do not count what we lost in property, so glad are we to have escaped with our lives." Before she left Mrs. Perkins turned the family mansion in Oakland over to twenty odd of her friends as a refuge.

WOMAN IS KILLED

Mrs. Etta Humphreys, wife of Geo. Humphreys, who is connected with the Pioneer Soda Works, was killed Saturday evening. Her death seems to have been the result of an accident.

She was on the way, in company with James Petty, to visit a friend on Twenty-first street and between Twenty-first and Twenty-second avenues, being in a standing position on the steps, she was thrown off by the stopping of the car. She struck on her head and was almost instantly killed.

She was thirty-six years of age and the mother of two children.

Her body was taken to the Morgue, pending the holding of an inquest.

SUM IS INCREASED

WASHINGTON, April 23.—The Senate passed a resolution appropriating \$1,500,000 for the San Francisco sufferers.

WASHINGTON, April 23.—The House will accept the Senate amendment increasing to \$1,500,000 the amount of the appropriation for the San Francisco destitute.

BANKS SECURE QUARTERS

The big San Francisco banks are securing temporary banking rooms in Oakland. Today the Bank of California leased the lower floor of the Syndicate building now occupied by the Real Syndicate. The Mercantile Trust Company has secured the offices on the lower floor of the same building. The Anglo-Californian Bank is negotiating to secure a lease somewhere on Broadway.

It is stated on good authority that arrangements have been made for the Oakland banks to release \$500,000 by tomorrow (Tuesday) afternoon.

HARRIMAN URGES PEOPLE TO CONTINUE.

OGDEN, April 23.—E. H. Harriman, head of the Harriman railroad system, who is on the ground, sends the following message urging the necessity of continuing relief measures:

"Having gone over the situation in San Francisco I am deeply impressed with the need of an uninterrupted flow of food supplies with a view to feed the 200,000 homeless people. The situation is well organized and the United States quartermaster department is receiving and distributing through its agents and other local relief associations all supplies when they arrive. But the fact should be made public in all quarters that it will require continued effort on the part of every one to keep supplies coming. The more we do the better we shall be in saving all such supplies without charge, and people must respond to calls for relief."

E. H. HARRIMAN.

NOTICE.

Commercial depositors in the Oakland Bank of Savings are requested to meet in the office of the Contra Costa Water Company, Ninth and Broadway, at 10 o'clock tomorrow (Tuesday) morning to discuss the situation with a view of aiding the banks to strengthen public confidence.

William H. Mackinnon.

CONCERT POSTPONED.

THE concert which was to have been given by the Young People's Society of St. Paul's English Ev. Luth. Church, April 26th, at Hamilton Auditorium, is postponed until further notice.

Don't it worry you not having your watch when you want to know what time it is?

"Not a bit. I just take out my pawn ticket and look at the nearest clock."

Are not the only signs that a blood-cleansing, tonic medicine is needed. Tired, languid feelings, loss of appetite and general debility are other signs, and they may be worse signs.

The best blood-cleansing, tonic medicine is Hood's Sarsaparilla, which acts directly and peculiarly on the blood, ridding it of all foreign matters and building up the whole system. This statement is verified by the experience of thousands radically cured.

THE NOBILITY OF OAKLAND.

The following editorial appeared in the San Francisco Examiner this morning:

"Never can San Francisco forget the nobility of Oakland. Perhaps the greatest stroke of good fortune in the general story of disaster was the fact that the big city on the eastern shore of the bay escaped the scourge of fire and was comparatively little damaged by the earthquake. To be sure Oakland had been seriously shaken, but the great-hearted people of the city at once forgot their own woes in the effort to relieve the superior affliction of San Francisco.

"And surely no people in the world in a time of stress ever shared a more glorious generosity than did the citizens of Oakland. At once they threw open their homes to the refugees from the stricken metropolis. Rich and poor strove with each other in the effort to excel in deeds of unusual kindness. Tales of how storekeepers stripped their shelves and gave their goods away, and of how householders emptied their wardrobes and pantries in the effort to relieve the distress are splendidly common.

"The patience of the civic authorities equaled the generosity of the private citizens, and there was commendable common sense as well as quick thought shown in handling the throng of homeless people turned into Oakland's streets without warning. Committees formed as if by magic acted as if they had spent a lifetime in relieving distress. Men who found it hard to get the ready money with which to meet their own necessities freely divided their scant purses with the stranger. The citizens of Oakland acted as if they had all their lives studied the sublime story of the Good Samaritan so they might be in readiness for just this emergency.

"What is true in Oakland is true in proportion to population of Berkeley, San Rafael and the other cities of the bay counties, and no matter how proud the new and greater San Francisco may become she must always feel her debt of gratitude for the tender care and open-hearted kindness of the cities who responded so nobly to her cry for help in her hour of agony and of need."

AT THE HEADQUARTERS OF THE GOVERNOR

Many Telegrams Are Coming to Oakland From All Over the Country.

H. Catherwood as one of the leading physicians in Denver. The note was presented in person by Dr. Catherwood, and in reply to it, Governor Pardoe wired as follows:

"Dr. Catherwood is here, and has done much good. Thanks."

SAN FRANCISCO PRISONERS.

Sheriff Frank H. Rose telegraphed that he could take care of one hundred prisoners. This was in answer to an inquiry as to how many of the San Francisco prisoners of the wrecked county jail could be quartered in San Jose. These prisoners, after the burning of the jail, were sent to the State's prison at San Quentin, but the warden there refused to receive them on the ground that he could not assume jurisdiction over them unless they were committed to him by the Superior Court.

Alameda county has agreed to care for fifty of the prisoners in question.

JAPANESE RELIEF.

Passes to San Francisco were granted to Y. N. Matsui, I. Wata and Z. Suzuki for the purpose of distributing supplies to countrymen there.

They represented the Sacramento Japanese Relief Society, and bore credentials to that effect from A. B. Nye, the Governor's private secretary.

WORK FOR 3000.

C. B. Stewart, labor commissioner of the Western Pacific Railroad Company telegraphs from Oroville that he could give steady employment to 3000 men

from 1500 to 1600 men. They have work camps along the line of the Western Pacific Railroad to which they desire to send unarranged men within this vicinity they are able to provide for men of family.

The communication from Stewart was referred to State Labor Commissioner Stoner, who has established his headquarters in this city.

CAN GIVE WORK.

The Pacific Portland Cement Company sent in a telegram to the effect

they could at once give work to fifty laborers, and at the same time take care of their families. The plant is located at a place called Cement, in this State.

TELEGRAPH WIRES ARE LADEN WITH MESSAGES

By MISS ALICE G. ECCLES
of THE TRIBUNE staff.

"We worked in San Francisco during the fire until we were put out of the building," said the manager of the Postal Telegraph Cable Company this morning.

WORK.—That is the word at the local offices of both the Postal and Western Union Telegraph Companies. Thousands of messages have flashed across the wires since that memorable morning and although the accumulated messages have crept well up into hundreds at times during the past few days, steady work has caught up with the tide of communications and probably by this evening all the important little slips will be well on their way to anxious friends throughout the United States.

"ALIVE AND WELL."

The simple words "Alive and well. Everything lost," was the cry that went over the busy wires from thousands of people.

Penniless, yet thoughtful and almost happy, the throng of homeless ones have stood for hours, each patiently waiting his turn to relieve the anxiety of a distant friend or relative.

The telegraph companies, generous with the spirit that has been in our city since the disaster, have required no fee for the numberless messages calling for sums of money or assistance of any kind.

MARKED "COLLECT."

"We marked them collect of course," said the manager of the Western Union. "But we are losing hundreds of dollars. It's all right though," he added kindly.

White, upturned faces in the struggling crowd in front of the telegraph office, searched for replies to their call for aid

BUSINESS MESSAGES.

"Message just received. Enclosed find \$50 in bills. You had better take the next train for here. Our house is open to you. Come and make yourself at home."

How intelligent kindness would help the scores of sufferers! The pity is for those who suffer in stoic silence. Poor, dazed and stricken people who only stand and suffer. No messages for them, only the kind word of a relief worker. Let us be generous with these words.

To-day the business messages have begun to pour in.

"Our establishment here will begin business at once."

That is the hope of the country and the life of the California people. They will begin at once—yes, and go on with a braver heart.

AFFAIRS AT THE POSTOFFICE

WIFE SAVES HER HUSBAND

Postmaster Dargie this morning held a conference with Postmaster Arthur Flek of San Francisco and the latter generously offered to render any service he could to assist the local department in the present emergency and stress of conditions. He will contribute a corps of clerks and carriers as well as mail equipment at once.

Postmaster M. H. Flint of Los Angeles who is here, has also offered his aid to Postmaster Dargie.

Things are very congested in the local office but are being worked out rapidly and a surprising order and regularity is maintained, considering the circumstances.

To-morrow extra windows for stamps, money orders and general delivery will be opened, there will be a force of extra carriers on Main street, and the post office will be open from 8 a.m. to 5 p.m.

Mr. Hansen and wife also escaped. Mr. Hansen only slightly injured. At Camp Meeker practically no injury was done.

At Duncan's two people were killed when the El Bonita fell, and the town lies in ruins. No others were killed, so far as reported, between here and Sausalito in any of the small towns on the North Shore Railroad, although many of the towns were more or less damaged.

WOODLAND EDITOR HUNTING SISTER

Edward E. Leake, editor and proprietor of the Woodland Democrat, was in Oakland last night on his way to San Francisco to look up his sister, from whom he has been unable to obtain any tidings since the earthquake.

Dr. Matthew, the presiding elder, has called a meeting of all city ministers and laymen in Simpson Memorial Church, 11th and Franklin streets, Tuesday evening April 24th, at 8 p.m. Congregations are of course widely scattered, but it is hoped a good number may come together for prayer and conference.

MRS. RICHARDS IS LOOKING FOR CHILD

Mrs. Mary Richards, who is living at the home of Captain Nelson on Seminary avenue, Foothills, is looking for her five-year-old daughter Eleanor. The child was stopping at the home of Mrs. Discreet at 2617 Howard street, San Francisco. Any information on the subject will be appreciated.

EARTHQUAKE WAS FELT IN NORTH

PORLTAND, Ore., April 23.—A special to the Oregonian from Grant's Pass, Co., says that at twelve minutes past one this morning, an earthquake shock was felt, accompanied by a rumbling noise, which was plainly audible. Nearly every one in town was awakened. Furniture moved in the houses and several windows were cracked but no serious damage was done. The shock lasted for fifteen to twenty seconds, and its course apparently was from east to west.

NO EPIDEMICS IN CITY OF SAN FRANCISCO

The following telegram has been received at THE TRIBUNE office:

MR. WILLIAM DARGIE, Oakland, Cal.—From reports, rumors are being spread of epidemics of contagious diseases in San Francisco. I personally know that there is no truth in any of these rumors. Please use your influence and that of your paper to quiet them because they are simply injuring and doing no good.

DUNNING, Military Secretary.

OFFICIAL RAILROAD INFORMATION GIVEN

The Southern Pacific Company has established information bureaus in San Francisco at the following points: Station 1, Market and Valencia Streets; R. A. Robinson, C. N. Fisher, Station 2, Golden Gate Avenue, Corner of Octavia, E. E. Harvey, W. Haasenagen; Station 3, Van Ness and Lombard; George F. Miller, Station 4, 2220 Washington Street, F. J. Breckenbridge; Station 5, Presidio, opposite the Presidio, opposite the Field Battery, F. G. Mix, J. B. Glidde; Station 6, Park Commissioner's Office, Golden Gate Park, W. B. Curtis, Station 7, Valencia street, Nixon, 800; 8, 9th and Townsend streets, regular force. People who are camping in the vicinity of these stations or have their homes there, should apply for information about transportation, tickets and freight. Booths will be put up tomorrow but meantime the men in charge will be on duty.

Until telephone service is re-established, circuit riders will leave the dry depot at frequent intervals for these information bureaus, gathering the inquiries that are made and supplying the agents with the latest available data. The force will be added to tomorrow by other employees.

The General Department of the Southern Pacific has notified its connecting lines at Ogden and Portland to look after the refugees when they arrive there and turn them over to the Relief Committee. The Relief Committee are meeting them at the trains on arrival.

Assistant General Passenger Agent, T. A. Graham of the Southern Pacific wires today as follows:

"Regarding the number of refugees Southern California can accommodate, Citizens' Relief Committees in harmony with Chamber of Commerce and Church Federations last night passed following resolution:

Resolved: That it is the judgment of this committee after a careful consideration of the subject, that the destitute sufferers of the earthquake can be more economically and effectively relieved by the assistance being rendered to them on the ground and in the vicinity of San Francisco in suitable and healthy locations, other than by inviting and encouraging refugees to come here, and that the ministers of the Church Federation be requested to co-operate in their churches along similar lines and furthermore in this connection this committee pledges itself, if necessary, to duplicate its efforts financially and otherwise, to carry out the work of the relief as this is expressed.

Committee requests Southern Pacific Company and other lines to co-operate with them to keep number of refugees for Los Angeles at minimum, being fearful that criminal and dissolute class will impose on railroads and this community and later that Relief Committee will have expense of shipping out of here. Committees are wiring this resolution to Governor Pardee, Mayor Schmitz, San Francisco Relief Committee, and will assume responsibility.

Willing and anxious to care for respectable bona fide refugees, especially women and children, cannot give actual number can accommodate, but Santa Barbara says 10,000; Ventura 400; Santa Paula, 100; Santa Ana, 1,000; Riverside, 500; San Diego, 400; Los Angeles approximately 25,000. Will wire additional data as received. Advice number refugees as forwarded. Will arrange committee here to meet etc.

FALSE REPORTS ARE SENT OUT

LOS ANGELES. April 23.—President E. P. Ripley of the Santa Fe Railroad said to an Associated Press representative today:

"I find that there is much uneasiness

in the east owing to false reports

of an earthquake in Southern California.

Many telegrams are coming in from all over. My first intimation of the San Francisco earthquake 500 miles away came in a telegram from my brother inquiring if I was safe.

"Inasmuch as thousands of people

in the East are suffering distress, owing to the absolutely untrue reports

sent out by a private clique of unscrupulous correspondents, I think the Associated Press should make it known to the Eastern public that no damage was done by the earthquake

within 400 miles of Los Angeles and that the only touch of the great San Francisco shock fell here was a slight tremor, doing not a dollar's worth of damage."

W. O. CLUBMEN DIGGING CLAMS

The General Passenger Department of the Southern Pacific has arranged to move all Stanford students home from the wrecked University whether or not they have means at their command to sustain their parents to settle later. There will be no service out of San Francisco via Coast Division beyond San Jose today. There will be local service between Valencia street and San Jose. Passengers for east, north or south should take boat at foot of Market street, San Francisco, and trains at Oakland pier same as yesterday. Relief trains from Los Angeles will reach Oakland about noon today. Similar train left Los Angeles at 10:30 p. m. yesterday. The military trains from Portland leave Sacramento 8:35 a. m. and 10:30 a. m. respectively today. A train with 21 cars of supplies left Sacramento at 6:10 a. m. Supply train from East will leave Sacramento about 8:30 p. m. today. Another with 20 cars left Sacramento 9:00 a. m. Twenty-one carloads of foodstuffs have been sent from Oakland to San Francisco since last bulletin. There are 27 cars now at Oakland this morning for transfer to the Key Route train for 40th and Broadway, those in Oakland or Berkeley take College-ave. car. Sign Mrs. McTilda Brown, State Secretary.

The Raymond and Whitcomb Excursion will leave Oakland Monday on time on Tuesday for the East. All passengers please take notice.

PLIGHT IS PITIFUL

The West Oakland Athletic Club is doing its share toward taking care of those who have so suddenly been rendered homeless. On Thursday began with a gas stove and kettle, and the neighbors furnished bread and coffee. On Friday the members dug clams, got vegetables, and furnished clam chowder. On Saturday they got meat from the general city relief committee, bought vegetables and gave stews. Up to Sunday they had fed 800.

The club house is used as a lodging place for soldiers and Alcatraz, Bartlett, and San Fran's bells are also being used.

They have tried to restrict their efforts to single men, but four families have found the accommodations so good they have insisted on staying.

Goodwill has been called into play.

The piano has been used to pound benefit on, and other articles of hand have been made to serve a dozen purposes.

The children in West Oakland have also organized. St. Andrews' Swedish Union Presbyterian and Chester Street, M. E. Scofield and the Masonic Lodge, the frenemy and the Athletic Club, the uniting under the leadership of Mrs. Small as secretary to maintain the relief work in West Oakland.

King's Daughters

The directors of the King's Daughters' Home of San Francisco are requested to meet at the Oakland Tribune, 114 Washington, 8:30 Broadway, Oakland, on Wednesday at 1 p. m. San Francisco people have also organized. St. Andrews' Swedish Union Presbyterian and Chester Street, M. E. DEATH SHOCKS LOS ANGELES

LOS ANGELES, April 23.—Dr. C. F. Taggart, who was killed in San Francisco yesterday by the accidental discharge of a pistol, while engaged in relief work for the earthquake sufferers, is one of the foremost physicians of Los Angeles. He left this city one week ago today to attend a meeting of a medical society in San Francisco and was in that city Wednesday when the earthquake occurred. He immediately volunteered his services to the local relief committee and was engaged in hospital work when killed.

The news of his death, received here shortly after the accident occurred, over the Associated Press, created a most profound sensation.

Upon every hand were heard expressions of deepest grief and sorrow. His wife, who is visiting in a suburban town, had not been apprised of the death of Dr. Taggart until late last night. The couple have no children.

Dr. Taggart was about 40 years of age. He had been in Los Angeles about fifteen years. His twin brother, Dr. Thomas Taggart, is engaged in medical practice in San Francisco.

WHOLE PACIFIC SQUADRON ENGAGED IN THE RELIEF OF THE REFUGEES.

President Roosevelt shows that the whole Pacific squadron of the navy is engaged in this relief work, in a telegram from Washington to Governor Pardee: "Referring to your telegram of the 26th, the Secretary of the Navy advises me as follows: 'Admiral Goodrich is at San Francisco with the Chicago and Marblehead, which have landed battalions to report to General Funston. The Boston and Princeton are at San Pedro and the senior officer present has been ordered to communicate with the Mayor of Los Angeles to facilitate transportation of medical and other aid to San Francisco. The Saturn has been ordered to report to Admiral Goodrich. The whole Pacific squadron is thus engaged in relief work in connection with the San Francisco disaster.'

Dear Doctor -

I owe you so much - for you saved my Mama's life - she was angel sick - the Doctor came and Papa cried - so did I - The Doctor could not help her - but Aunt Emma - She told Mama to take Dr. Pierce's Favorite Prescription - and so she got well in enough time.

I thank you very much

To Dr. R. V. Pierce.

And Decker.

Many mothers of families in the United States have reason to be grateful to the person who recommended Dr. Pierce's Favorite Prescription. This is a medicine specially prescribed for diseases of womankind. It does not cure eczema, catarrh in all its forms, nor heart disease, for it is put up for the single purpose of curing diseases peculiar to women. It has a reputation of over a third of a century of cures, and has sold more largely on this continent than any other medicine for women. Another point in its favor - it does not contain a single drop of alcohol or harmful habit-forming drugs. It is purely vegetable and perfectly harmless in any condition of the system. An alcoholic compound for women is something no woman should take and yet "Favorite Prescription" is the only tonic and nervine put up for sale through druggists, especially for woman's weaknesses, that does not contain alcohol and that too in large quantities. Women's weakness will always bring nervous irritability and a nervous condition for which alcohol is the worst thing in the world. What a woman thus afflicted needs is a vegetable tonic and invigorating nervine like Doctor Pierce's Favorite Prescription, which will build up her delicate system and bring about a healthy tone. It cures the drains and weaknesses of woman, also displacements, prolapsus, anteversion, retroversion, irregular and periodical periods and kindred ailments.

If you want to know what all you the United States mail will bring you the best medical advice for only the cost of writing materials and stamps.

Many women owe their present good health to the fact that they consulted Dr. Pierce by letter, giving him all possible information about their condition, symptoms, etc., and received in return good medical advice which cost them nothing. This is why we advise you to write to Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y.

Dr. Pierce by no means confines himself to prescribing his well-known proprietary medicines. He tells you the most common-sense way what

you can do to do what

PASSAGE FOR DESTITUTE

EVERMORE. April 23.—The first shipment of Eastern supplies for the San Francisco sufferers passed through yesterday morning. It is from Nebraska and consists of sixteen cars of fat cattle, five cars of sheep, nine cars of hogs, fifteen cars of groceries and other supplies, and five cars of corn.

This freight train came straight through from Omaha in passenger time, reaching here in less than three days. Everything, including United States mail, overland trains, etc., was rearranged to give the train right of way. The conductor stated to a Tribune representative that many other trains bearing supplies are following his train at short intervals as is consistent with safety and that in his opinion the yards at Oakland will soon be swamped with more stuff than can be handled.

WANT ALL ADDRESSES. F. A. Comwell, secretary of the Board of managers of the home for feeble-minded children at Petaluma, desires the names and addresses of the friends of the home to send him their addresses immediately.

TALE OF A REFUGEE

BOXING TOURNEY

OREGON IS ANXIOUS

LOS ANGELES, April 22.—R. F. Lund, general sales agent of the Denver Manufacturing Company at Canal Dover, Ohio, is a San Francisco refugee who reached Los Angeles today. Mr. Lund was asleep in the McCormick apartments when the first earthquake shock rent San Francisco.

"I awoke to find myself on the floor," said Mr. Lund. "Of course, I did not know what had happened. I got my watch, and it marked 5:12 o'clock, while the vibrations were still in progress. The building to me seemed to pitch to the right, then to the left, and finally to straighten itself and sink. I had the sensation of pitching down in an elevator shaft - that sudden, sickening wave that sweeps over you and leaves you breathless. I got into my clothes and with some difficulty wrenched open the door of my room.

"Scores of women were piercing the air. Together with a dozen other men inmates of the apartments, I assembled the women guests, and we finally got them into the streets. Few of them tarried long enough to dress. We went back again, and again into the upper halls and each time returned with more women. In one room, particularly, there was great commotion, and they were in a state of hysterical terror because they could not open their door and get out. The sudden settling of the building had twisted the jamb. Finally, I put my 280 pounds of weight against a panel and mashed it through. I helped them in quits, and half led, half carried them to the street.

"At 6:30 o'clock I reached the Post Telegraph building, having walked through ruined Market street and got no message in my family and firm in the East. At least, I tried them; whether they got through I don't know. I tried to reach the Dover Company's warehouses on Drum street, but had to give it up. While passing through a narrow street in the rear of the Emporium I came upon a tragedy. A rough fellow, evidently a South-of-Market street thug, was bending over the unconscious form of a woman. She was clothed in a kimono and lay upon the sidewalk near the curb. His back was toward me.

"He was trying to wrench a ring from her finger, and he held her right wrist in his left hand. A soldier quietly approached. He held his rifle thrust forward and his eyes were on the wrist. Involuntarily I stopped, and involuntarily my hand went to my hip pocket. I remember only this, that it seemed in that moment a good thing to me to take life. The soldier's rifle came to his shoulder. There was a sharp report, and I saw the smoke spurt from the muzzle. The man straightened up with a wrench; he shot his right arm above his head and pitched forward across the body of the woman. He died with her wrist in his hand. It may sound murderous, but the feeling I experienced was one of disappointment. I wanted to kill him myself.

Along in the afternoon in my walking I came upon a great hulking fellow in the act of wresting food from an old woman and a young girl who evidently had joined their fortunes. No soldiers were about and I had the satisfaction of laying him out with the flat of my pistol. He went down in a heap and I did not stay to see whether or not he came to.

"Now that I am away from that city of horror, the whole impression of the things we went through is vague and blurred. I could tell countless happenings of my own experience and my acquaintances, but they would be simply a repetition of fearful scenes already told."

Good on all trains but limited. The Southern Pacific issues to El Paso, Ogden and Portland or intermediate points.

Make application at Bureau of Transportation for destitutes.

**LOS ANGELES SENDS
MONEY AND SUPPLIES**

LOS ANGELES, April 23.—A great boxing tournament for the benefit of the San Francisco sufferers, destined to eclipse anything in that line ever attempted in this country, will be held at the pavilion of the Pacific Athletic Club, next door under the auspices of the Chamber of Commerce relief committee, which will handle all the funds for the first time in the history of boxing contests in this country. Women will be present.

By a coincidence, practically all the champions of theistic arena are in training in and around Los Angeles at the present time, preparing for the series of fights to be run off here in May.

In addition, Jim Jeffries, retired heavyweight champion of the world, will appear in an exhibition bout on May 10th. Billings, Cleese, Aurelio and Mauro, Herrera, Abe and Monte Atell, Kid Herman and Tommy Burns, all top notchers in their class, as well as several other prominent pugilists, will be present for the cause of charity, bringing about a gathering of pugilistic stars such as never before was seen under one roof.

They have been paired off so as to insure the most scientific boxing possible.

Tickets were placed on sale yesterday and by night hundreds of dollars had already been collected. Fancy prices were paid for tickets and it is expected over \$10,000 will be cleared.

**ALAMEDA IS
HARD AT WORK**

Oregon headquarters will be established on a big scale in San Francisco today, with a branch on the Oakland pier. Portland has raised two large funds for the first victims, amounting to about \$250,000, and is rushing in trains of provisions and supplies daily. The Oregon and Pacific Telegraph of Portland will have charge of the Oregon headquarters, having sent two representatives to open them and dispense relief. A tent 250x100 feet will be erected where all may be accommodated.

By a coincidence, practically all the champions of theistic arena are in training in and around Los Angeles at the present time, preparing for the series of fights to be run off here in May.

In addition, Jim Jeffries, retired heavyweight champion of the world, will appear in an exhibition bout on May 10th. Billings, Cleese, Aurelio and Mauro, Herrera, Abe and Monte Atell, Kid Herman and Tommy Burns, all top notchers in their class, as well as several other prominent pugilists, will be present for the cause of charity, bringing about a gathering of pugilistic stars such as never before was seen under one roof.

They have been paired off so as to insure the most scientific boxing possible.

This committee is L. N. Fleischner, Archishop Christie, Rabbi S. S. Wise, Rev. C. T. Wilson, Paul Wessling and H. W. Hodges.

Oregon headquarters will be established by W. G. and Marion MacRae for the Oregonian and Telegram.

Reasons Why San Francisco Will Be Rebuilt.

By William H. Mills.

San Francisco came into existence at the command of commercial and industrial forces, potencies which earthquake and fire cannot move or destroy. Cities merely measure the potency of the commercial and industrial forces which create them. These stand at the focal centers of converging and diverging rays of commerce.

The elements may destroy buildings, but they cannot destroy the primal causes at whose command cities came into being.

The harbor of San Francisco is a commercial factor, still exercising that influence which in the past fifty years it has exercised in the growth of the city.

The position of San Francisco on the commercial map of the world is exactly what it was on the morning of the 18th day of April.

To the combined fact of these commercial and industrial forces and to the facility of focalizing land and water transportation in the great and convenient harbor, is added the position of the city upon the commercial map of the world, which is indestructible by fire or earthquake. These were the causes of which San Francisco as it stood was the effect. These causes still exist and new San Francisco will rise in obedience to their irresistible command.

There is a law of commercial gravitation as certain in its operation, as unerring in its effect, as the law of physical gravitation.

To these forces San Francisco owed its existence and these forces still live and a new San Francisco will not wait the will of man, but will come into being by the irresistible law of resistless inherent forces.

It must not be forgotten that the superstructure of the great city may be destroyed, and leave in existence one-fifth of the cost of its rebuilding in the substructures. There is twenty per cent of the original cost of the building of San Francisco under the refuse—in the foundation, in sewers, in street excavations, which are unimpaired and will not need reconstruction.

Fifty-seven years of growth brought San Francisco to the position which it occupied on the morning of the 18th inst. In every year of its history it was merely a physical expression of invisible forces.

The industrial activity in the commercial territory of San Francisco, which created the metropolis, is greater today than at any past time in the history of the city. It possesses capacity for rebuilding of the city vastly greater than for its original growth.

The sum of all this is that the real San Francisco exists in the unseen forces and the visible San Francisco—more beautiful, more important, and more imperious in its commercial primacy—will spring into being at the inexorable hand of this silent and restless force.

Heroic Devotion to Duty.

Arthur Fisk, postmaster of San Francisco, has displayed a devotion to official duty and an efficiency entitling him to the highest honor. He fought his way through the burning wreckage on Friday when it was generally believed that the postoffice was destroyed and organized his force to handle the mails. He got the mails to moving at once, and has had them moving ever since. Yesterday he had the business of the San Francisco postoffice working in perfect order, and had carriers out making deliveries in the inburned section of the city. He stayed at his post, personally directing the resumption of business at his office when he was tortured by domestic affliction peculiarly trying to a man of fine sensibilities, and when his home and family were in extreme danger. He left his dear ones and his personal effects to the care of kind friends, however, and worked night and day to get the mails to moving regularly. While he was doing this his wife was brought to Oakland in an automobile, sick almost unto death, so that she might receive the medical attention necessary to save her life.

Banks Being Offered Deposits

Some steps should be taken to allow the banks to receive special deposits and permit withdrawals therefrom. Money is rapidly coming by express and mail orders, and the leading banks are constantly receiving offers of deposits which they are compelled to eject. In consequence the circulating medium is not only contested, but the channels of exchange closed. One Oakland bank has been offered deposits aggregating more than \$200,000 since Thursday, but has been compelled to decline them. Possibly a plan can be devised for taking money on special deposit and making it available for business purposes without reference to past transactions or the money locked up in the vaults. The principal bankers agree that there is plenty of money to meet all emergencies if it can only be made available without throwing the whole monetary situation out of balance and creating a host of individual embarrassments. Still it would materially expedite the business revival that is already setting in if a temporary system of accommodation banking can be devised. It is understood that some of the local bankers are addressing themselves to this phase of the financial problem and hope to have a plan perfected that will meet the approval of the bank commissioners.

Boston Leads the Van.

Stout old Boston has come to San Francisco's relief with a speed, alacrity and liberality that reflect the highest honor on the New England metropolis. Other cities have been prompt and liberal—none have been backward—but no great city on the Atlantic Slope has displayed the celerity and method exhibited by "The Hub." The Mayor of Boston telegraphed an order for \$100,000 at once, and then he ordered by telegraph carloads of medicines, clothes, provisions, blankets, etc., forwarded from Portland, Salt Lake City, Denver, Los Angeles and Tacoma. Yesterday he ordered 10,000 pairs of blankets from Salt Lake, and notified Mayor Mott that a supply of tents would be forwarded at once. Such measures as these prove business capacity of a high order. Boston knows how to do things and does them. The business instinct of New England is as swift in the service of humanity as it is in building up commerce and individual fortunes.

Beware of circulating sensational and unverified rumors. Some minds seem to breed canards as carrion breeds maggots. They imagine a thing and then tell others somebody told them it is so. After repeating the tale a few times they flatly say it is so, and with each repetition they enlarge the yarn, adding embellishing details, till in a short time they have a harrowing story to relate. In times of calamity and popular excitement alarming fabrications spring into being every hour and serve to keep alive and augment the terrors of the foolish and impressionable. Persons found circulating sensational fables should be summarily suppressed, for they are breeders of mischief. By giving further cause for excitement they prevent the exercise of calm reason and thus delay a return to normal conditions. The circulators of false and mischievous rumors should be promptly placed under ban as a measure of public protection.

A TUNER'S PHILOSOPHY.

He struck the keys, with thoughtful air, until at last he found The faulty strings from which arose each harsh, discordant sound; Then patiently and long he worked—one must be tighter drawn Until its jangling tinniness and falsity were gone; One must be loosed and tightened, then the velvet hammer's beat Would call from it a note that was melodiously sweet.

And when with gentle craft he had toiled over all the board He swept his fingers down the keys—now in the strings were stored Great waves of dulcet harmony, the hum of bees that swarm, The mellow dispason of the distant thunderstorm, The chant of marching men, and wondrous tones that women sing, And haunting, peace-filled lullabies whose measures sway and swing.

"Pianos," he said, quaintly, "are like women and like men—They fail and falter 'n their grace of music, now and then; They weary of the sweeter tones, each note grows dull and hard, And with incessant discord all their song of life is marred—So humankind grow out of tune until each smile or word Is deadened by the fretfulness with which its cheer is blurred.

"And you, and I, and all of us—we know that lots of times An unknown something tunes anew each heartstring till it chimes, An unknown something finds the strings that rust from work or care And make them right, and leaves the lilt of love and laughter there" And then the gray-haired tuner bowed, and smiled, and went away, Nor seemed to think that he had preached a sermon there, that day.

NEVADANS MAY, BE SENT HOME

The Board of Trade of Tonopah, Nevada, sent a committee composed of R. P. Dunlap, H. F. Sheldon, A. W. Briggs and Roger Stenson with \$10,000 raised by the citizens as a relief fund for the suffering of San Francisco.

Their main object is to get the Nevada people away from Oakland and relieve the congestion. They wish all Nevada people to call at their headquarters, a tent in City Hall Park, where they will make arrangements for transportation and employment after they reach Nevada.

They will not confine their relief work to Nevada people alone, but will do all in their power to help others.

WOMEN NOT TRUTHFUL

This Statement Has Been Unjustly Made, Because Modest Women Evade Questions Asked By Male Physicians.

Mrs. J. H. Farmer Mrs. Ella Lee

An eminent physician says that "women are not truthful; they will lie to their physician." This statement should be qualified; women do tell the truth, but not the whole truth, to a male physician, but this is only in regard to those painful and troublesome disorders peculiar to their sex.

It is a terrible ordeal to a delicate, sensitive, refined woman to be obliged to answer certain questions when those questions are asked even by her family physician. This is especially the case with unmarried women.

Is it any wonder, then, that women continue to suffer and that doctors fail to cure female diseases when they cannot get the proper information to work on?

This is the reason why thousands and thousands of women are now corresponding with Mrs. Pinkham. To her they can and do give every symptom, so that she really knows more about the true condition of her patients, through her correspondence with them, than the physician who personally examines them.

If you suffer from any form of trouble peculiar to women, write at once to Mrs. Pinkham, Lynn, Mass., and she will advise you free of charge.

The fact that this great boon, which is extended freely to women by Mrs. Pinkham, is appreciated, the thousands of letters received by her prove. Many such grateful letters as the following are constantly pouring in.

COMMITTEE FOR CLOTHING

S. F. FIRMS IN OAKLAND

A central committee to have charge of all clothing donations for the relief of sufferers, has been appointed by Rev. E. E. Baker, chairman of the Oakland relief committee, who has authorized Mrs. Frank Pierce and Mrs. George Morgan to organize a central clothing repository, and to act as a general and special committee of ladies to assort and deliver clothing to certified applicants. The committee has established its quarters on the main floor of the Lincoln school, and requests that all contributions be sent there.

ST. FRANCIS HOTEL TO BE USED AT ONCE

J. H. Alexander, steward of the St. Francis Hotel, with his wife and children, one ten days old, and a trained nurse, are now safe at 433 Thirty-seventh street, Oakland.

Mr. Alexander was in his apartments at the Kenilworth, corner of Bush and Powell streets, two squares from the St. Francis, when the earthquake occurred. As soon as his wife was calm, he rushed to the St. Francis and found the building badly shaken, but perfectly safe from top to bottom.

After consultation with Manager Woods, he gathered what kitchen crew was available and commenced making 180 gallons of coffee, which, with 10,000 eggs, rolls, bread, and other supplies, were served to the famous white and gold room, which was soon crowded with notable guests, among whom were Adolph Busch of St. Louis, members of the Metropolitan Opera Company, and Mr. Gersting, United States agent for the famous White Seal champagne.

There was no fear of fire, while the guests were partaking of the meal.

PREPARE ONE MEAL.

It was decided to prepare one meal that day, and it served from 12 to 4 in the afternoon. Waiter Hartnett, the chef, and a corps of cooks were preparing the meal while the guests, looking through the windows down Geary street, were watching the destruction of the Palace Hotel.

During all this time the excited guests were getting their trunks and linens down the steps, the elevators having been stopped, and the stock of liqueur so that they were not in working order. Above the fourth floor but little of the passenger had been disturbed. At 3 p. m. the huge safe, with valuables estimated to be \$12,000, was closed for lack of room to store more.

ALL ORDERED OUT.

At 10:30 p. m. the fire approached the St. Francis from Market street, and the soldiers ordered every one out. The safe room and cold storage rooms were thrown open, and the people were invited to help themselves.

Architect

G. A. WRIGHT

late of the Schmidell Building, 604

Montgomery street, San Francisco,

was one of the very few architects

of the city who saved the greater

part of his office equipment from the

flames. Among some of the more

recent work of this architect is the

Bare building on the south side of

Market street near Eighth, costing

\$130,000, the Whitcomb Block at

Davis and Pacific streets, \$125,000, the

W. P. Fuller & Company warehouse

occupying an entire block surrounded

by Green, Battery, Front and Com-

merce streets, the First Church of

Christ (Scientist), San Jose. Little

or no damage was done by the earth-

quake to these buildings, though some

of them were destroyed by the fire.

Mr. Wright's Oakland offices are at

the Union Savings Building, Room

1114 and 1116 Telephone Oakland 10,

12 and 13 Telephone Alame-

da 1388. The supervision of the con-

struction of the Hayward building in

San Francisco was entrusted to Mr.

Wright and it is interesting to note

that this building stands today prac-

tically undamaged.

BUSINESS MEN TO REGISTER

INFORMATION BUREAU FORMED
BY LOCAL CHAMBER
OF COMMERCE.

The Chamber of Commerce of this city has rented the third floor of Pythian Castle at the northeast corner of Twelfth and Franklin streets, where business men who are suffering from the fire in San Francisco may register and thus possibly come in contact with former acquaintances and friends whom they may be connected with and of whom they may be in search.

The rooms will be placed at the disposal of visitors and the Chamber of Commerce hopes they will be utilized to the fullest extent.

NEW LOCATION. OAKLAND, CAL. April 20, 1906.

To our friends in San Francisco. In view of the terrible calamity that has befallen San Francisco, we beg to advise that until further notice the headquarters of our Pacific Coast Sales Department will be suite 94-96 Bacon block, Oakland.

Our San Francisco office is a total loss, but our Oakland factory escaped with damage to the buildings only, leaving our stock and equipment undamaged and we expect to be operating the plant within a few days.

In communication with us relative to past quotations or correspondence, it will greatly facilitate matters if you will kindly enclose copies of our communication in your possession bearing on the subject.

Assuring you of our best attention to all inquiries and orders, of which we trust you will favor us liberally, we are,

Very respectfully,
STANFORD UNDERGROUND CABLE COMPANY.

A. B. SAUTMAN, Pacific Coast Manager.

FOR STENOGRAHES. The Oakland Shorthand Institute has established a free stenographers' and typists' registration and employment bureau at its offices in the Blake block, 108 Washington street, above the Ladd House.
